FURS

Every Fur Piece in our stock has received a most radical reduction—a reduction that means the largest loss on our fur stock we have taken in years. Not a piece reserved—Fur Scarfs, Muffs, Throws and Fur Lined Coats. When such a desirable line of Furs as this is thrown on the market at the prices they are now marked, it means a great deal to one buying furs. Don't fail to investigate it.

SEALSHIP OYSTERS PURE FOOD

The only absolutely fresh, wholesome, appetizing oysters ever sold in bulk. They are practically shell oysters, as they are merely slipped from their own shells into a porcelain lined case which is sealed, thus forming a shell on a large scale.

This case is imbedded in ice in a Patent Sealship Carrier, not opened till it reaches the dealer.

All the piquant "half-shell" flavor, the delicate tang given by the salt-water, the smooth firmness, the nourishing quality, the natural color, are fully retained. No preservatives are ever used.
